

## 0.5 ~ 1 Ton

### Compact structure, easy maintenance.

- Hand-push driven to lift heavy objects, moving along the lower flange of the steel frame.
- Easy-to-adjust wheel spacing.
- Flexible wheel rotation.

Type	Rated Capacity (Ton)	Approx. Dimensions (mm)													
		A	B	C	D	D1	E	F	G	H	I	J	K	L	N.W. (Kg)
PT-05	0.5	226	245	48	125	148	65	99	64-136	112	32	25	187	56	6
PT-1	1	274	235	55	145	175	88	119	64-136	123	40	30	221	84	10

Note: The crane frame should be equipped with safety devices to prevent the crane from sliding more than 25mm in the event of wheel or axle damage.
