

SAN YUAN

SINCE 1982 MATERIAL HANDLING

INDUSTRIAL WINCH

E3W

- ◆ The drum is machined with a groove to facilitate the winding of the steel cable.
- ◆ The braking torque value is 1.5 times or more.
- ◆ High starting torque motor with low starting
- ◆ The oil bath gearbox is equipped with a grinding gear set
- ◆ Safe power-off brake device - When the power is off, the brakes are activated immediately to ensure safety.
- ◆ The cable has a safety factor of more than 5, which is especially suitable for sinking, cranes, cranes and construction.

Type: E3W-1.5T

Cap: 1500 Kg

Test Load: 125%

Hoist Speed (4P): 12.7 M/min

Hoist Motor (4P): 3.9 Kw

Multi-power use : 3HP 220/380/415/440/460V 50/60Hz
